

Power Supply Enclosure Kit for 1 iSafe Pro 360 Controller

TECHNICAL DATA

Power supply DC Voltage:	13.8V
Rated current:	3.5A
Current range:	0 ~ 4A
Number of inputs/outputs:	Fuse card 2 x 2A
Fuse card voltage:	10V - 30V DC
Protection:	Short circuit / Overload / Over voltage
Battery space:	4Ah / 7Ah / 18Ah 12V Sealed Lead Acid (SLA)
Tamper protection:	1 x microswitch: opening NC
Dimensions:	13 x 11 x 3.2 inches
Notes:	1cm gap from the wall allowing cable port back of the box. Widened openings facilitating the direct cabling on the disconnectable terminal blocks of the controllers. Door keyswitch included.
Certifications:	UL Std No.294, ULC \ CSA Std C22.2
